30 years of distinctive design

In our 30th year at Marc Williams Goldsmith, we now have the honor of creating heirloom quality pieces for three generations of loyal customers. We consider ourselves truly fortunate to work with such wonderful people, many of whom have become our personal friends.

The world has changed so much since I introduced the first few pieces of jewelry, yet we're still doing essentially the same thing. Creating new collections rooted in sound design and quality construction. We enjoy working as artists and craftsmen, but above all, we are still committed to bringing our customers the best in design, materials, and craftsmanship.

From our classic favorites to our newest designs, we are confident that our work will stand the test of time. As we celebrate our 30th year in business, it is my privilege to present to you the 2011 collection.

As always, we thank you for your continued support and look forward to many more years to come.
