MWG
MARC WILLIAMS
goldsmith

After **forty-five years** it's hard to find the precise words to express my gratitude. Times change and they change rapidly, when I started in the seventies gold was less than \$150 an ounce and today it's \$2000. Technology has certainly aided our company's growth over the years.

That being said, we are still building our pieces by hand 'one by one', using the same techniques that have stood for thousands of years. **We would like to thank you for your support over the last four decades.** We will continue bringing you hand crafted pieces that are built with integrity, and will be heirlooms for you and your family.

– Marc
